§ 1424.1 Applicability.

This part sets out regulations for the Bioenergy Program (program). It sets forth, subject to the availability of funds as provided herein, or as may be limited by law, the terms and conditions a bioenergy producer must meet

7 CFR Ch. XIV (1–1–04 Edition)

to obtain payments under this program and part from the Commodity Credit Corporation (CCC) for eligible bioenergy production. Additional terms and conditions may be set forth in the document required to request program benefits and in the program contract or agreement prescribed by CCC. This program is effective October 1, 2002, through September 30, 2006.

§ 1424.2 Administration.

This part shall be administered by the Executive Vice President, CCC, under the general direction and supervision of the Executive Vice President or designee. The Executive Vice President or a designee may authorize a waiver or modification of deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the program, and may set such additional requirements as will facilitate the operation of the program. The funds available for the program shall be limited as set by this rule, otherwise announced by the Executive Vice President, CCC, or limited by law.

§ 1424.3 Definitions.

The definitions set forth in this section shall be applicable for all purposes of program administration under this subpart.

Agreement means the Bioenergy Program Agreement or other form prescribed by CCC that must be executed for participation in the program.

Application means the application form prescribed by CCC or another form that contains the same terms, conditions, and information required.

ATF means the Bureau of Alcohol, Tobacco, Firearms, and Explosives of the United States Department of Justice.

Base production means a biodiesel producer's current FY's biodiesel production from eligible commodities that is not an increase over biodiesel production in the previous FY to date.

Biodiesel means a mono alkyl ester manufactured in the United States and its territories that meets the requirements of an appropriate American Society for Testing and Materials Standard.
